Welcome to the Magic Circle

It is my pleasure to welcome you to the website of The Magic Circle, the most prestigious society in the fascinating world of magic and illusion. We have an international membership of around 1500, all dedicated to promoting and advancing the art of magic, an entertainment as popular today as when our famous club was formed in 1905.

The Magic Circle realised a long held ambition in 1998, when we opened our own purpose built Headquarters in Euston, close to London's West End. Here, in addition to our superb, fully equipped theatre, we have our libraries, splendid museum, and on display our vast collection of posters and memorabilia relating to the history of mystery.

In this unique setting, we present shows and special events where the public can experience the atmosphere of our home of magic, which has become an award-winning venue for corporate functions and conferences.
